SUBJECT: VALUABLE-FRIEND Relations

TO : Chief, BGRHYTHM
Washington, D. C.

INFO: Chief, BGRHYTHM

ATTN :

1. I feel that you should be made aware of a situation which is developing here in TPCREDO, which I hope will not grow to serious proportions, but which you may hear about from other sources.

2. When I reported here in January it was apparent that [] had not been too happy with the arrangement under which he and [] had worked. It was obvious that he felt he was being overshadowed and in many instances was not a full-fledged partner in VALUABLE-FRIEND operation in TPCREDO. I have worked diligently to overcome this feeling, at the same time realizing that our lives were not necessarily inseparable.

3. Recently [] has shown evidence of the same distrust for [] that he had for []. His first voiced complaint was made about ten days ago, when he stated that several months ago he was in constant touch with Committee members and received telephone calls almost daily from various members of HTNEIGH. He said that now the number of calls has declined to the point where the only time he hears from the members of HTNEIGH is when he calls them, the inference being that he is getting his information secondhand through the writer.

4. This morning [] came to see me, in a very disturbed state of mind. The JAYHAWK representative in ZRMETAL had cabled BGBIDDY and BGBIDDY had cabled [] that [] has been negotiating with Ockleshaw re a meeting with RHRAGGEE.

5. Obviously, I could only state the truth, that I had discussed the matter with Ockleshaw and that I had not brought it to [] attention because I had only asked my superiors for instructions and felt that until I had the instructions it was not necessarily a matter to be talked over with him. While [] accepted my explanation, I do not believe he bought it.

6. It is regrettable that the situation occurred, since Ockleshaw and [] had agreed that [] would not be advised of this proposed activity until the operation was laid on, as reported in []-9294.

7. We can wriggle out of this one and regain confidence, but I just wanted you to know that the JAWHAWK intelligence is working well and that BGBIDDY and [] are on the constant lookout for cracks in the VALUABLE-FRIEND armor.
